Division Goals for the year

Our goal is to encourage a safe and supportive environment for all clubs, where they can thrive in their own way. This will allow members to succeed in their own goals and as a result, grow and enhance clubs to their fullest potential.

If we accomplish this goal, member's own achievements will translate to us becoming a Distinguished Division for the first time!

Division Celebrations & Successes

There is plenty to celebrate over the last few months!

- 3 clubs in Division K already have more than enough DCP points and only require the membership goal.
- The Division K Conference committee for 2020 has been formed, with Ian Watson (Orewa Lunchtime, K3) at the helm. Surely to be a wonderful event!
- Division K has held their first Zoom meeting to help break the distance barrier and work through important topics. It's also allowed the Area Directors to improve their own technical skills, one of which (Sheryl Dickerson, K3) will be hosting a Zoom marketing session of their own during their Area Council meeting to help maximise club growth.

*Club coach appointed to clubs highlighted in red

Coming up to the renewal period ending in April, we have 20 of 21 clubs in good standing. The remaining club, Review Toastmasters is being supported by their Area Director to ensure they're able to grow before April.

Overall club membership has increased since our last report, which is good to see. More than half of the clubs in the lower bracket have coaches appointed and the remaining are in good hands.

New Clubs (Prospects & Leads / Clubs in formation / current status)

An update on new clubs for Division K:

- EROAD (K5) - Members are currently giving their Ice Breaker speeches and there is some fluctuation with membership. Regularly in touch with their Area K5 Director which is great.
- Pukenui Club (K1) - Still undergoing assessment, whether the small town can maintain a club. No recent progress.
- Orewa Lunchtime (K3) - After re-establishing, Orewa Lunchtime continues to struggle to reach a viable number of members. The Club will be meeting later this month to create a plan to increase numbers and to encourage newer members to take on club officer roles or to share some of the responsibility of these roles.

Division Challenges

Issues	Solutions
There is still a large amount of clubs sitting below 12 members.	Many of the clubs are being well supported and have action plans to increase their membership levels.
Pathways uptake is still a difficulty, albeit gradually improving.	There have been many a pathways discussion and especially the current Club Officer Training sessions are doing well to improve the knowledge on Pathways.
