## New Clubs – Prospects, leads, clubs in formation

What is the progress and what support is needed?

Catherine Syme from Area M3 is conducting a Youth Leadership workshop for High School students in Mt Eden region. A team of toastmasters supporting this program.

A learning opportunity here, that Ponsonby Toastmasters club to be moved to Area M5 in the new year if unable to do this year. This is so that Area M5 can have an equal number of clubs.

Team M is still working on sending out a newsletter to keep the clubs informed and engaged. We have instead started an email approach to connect with the clubs and to celebrate and thank them. And also to support our Area Directors in the awesome work they are doing.

Why are we doing this?

As your Div Director, I want to stay connected to my members. I want to celebrate and recognise your hard work.

And my support for the Leadership team supporting you.

I just wanted to connect in with you guys on how things are moving for you personally and within toastmasters, as I'm mindful that I've not reached out. Appreciate the current environment is not ideal but we are a resilient bunch and we will come out stronger once this "wave" is over.

### **Challenges**

What challenges is the Division facing and what potential solutions/assistance is needed?

#### **Opportunities**

Zoom account - Financial support.

Keen to get a zoom account for all the areas, so these can be shared with the clubs if required.

An opportunity has been presented to us with some clubs not necessarily staying connecting with their Area Directors. It's important that we talk to one another to support every Team member in Div M's toastmasters' journey. These clubs are continuously reached out by the Area Directors and where possible Div Director supports this process too.
