

## **DISTRICT 112 - IMMEDIATE PAST DISTRICT DIRECTOR'S REPORT** **October 2020**

### **Neil Stichbury DTM** **District Director 2019 – 2020**

Greetings fellow District 112 members

This Toastmasters year will again present many diverse challenges and opportunities for the membership. We have now said goodbye to the traditional educational system, and now all members are on an educational journey using Pathways, which we can simply refer to as 'our educational system'.

The experience of COVID-19 and the impact upon clubs is also an impact upon our communities and the way we live and work. We have postponed face-to-face award events a few times now and are now looking at having these completed in 2021. We will have a backlog of awards to present!

My role as IPDD will be to assist and support the incoming team as they meet the challenge of a new normal. I am currently writing material that will assist with best practice in online contest events.

Many thanks to all of you who are contributing this year to keeping clubs operational and stable in challenging times, ensuring that we are on a growth path.

Enjoy your journey!

Best regards  
Neil

Neil Stichbury DTM
