Club Support – What clubs would benefit from additional support and what support is required?

Most of the community clubs would benefit from more Club Officers implementing what they have learnt about Pathways into their meetings. As previously notes by 2021-22 Division K Director, Murray Coutts DTM, “The proportion of Pathways educational awards registered is very low and disappointing given how long we have had pathways in this district.” Hopefully, with the upcoming COTs we can encourage the use of Pathways and emphasize the importance of having mentors so the Pathways journey is more doable.

New Clubs – Prospects, leads, clubs in formation

What is the progress and what support is needed?

No new clubs just yet.

Division Events

What events have been held and what feedback have you received?
For example – COT, Area or Division council meetings, Area or Division contests, workshops etc

District Conference attendance and participation

What events are being planned e.g., club anniversaries, DTM awards etc?

District Officer Training 12-13 June 2021 for Area Directors and Division Directors
Division Council Meeting 12 June 2021

Challenges

What challenges is the Division facing and what potential solutions/assistance is needed?

Issues	**Solutions**
Pathways progression	Experienced members within the club can mentor new members on how to use Pathways.
Pathways adoption	A couple of clubs need extra encouragement to start their Pathways journeys. Will be in touch.
New members needed	Some clubs have progressed well into the DCP programme but need more members to achieve the final goals. Membership drive!
