### **New Clubs – Prospects, leads, clubs in formation**

What is the progress and what support is needed?

New Online club is in process with Wendy at the steering helm.

### **Division Events**

What events have been held and what feedback have you received?

For example – COT, Area or Division council meetings, Area or Division contests, workshops etc

There are some membership drive activities in P1 with 2 clubs working as a team.

Pathways Q & A sessions spread out during the year and presented by a combination of seasoned toastmasters and Division P district officers.

What events are being planned e.g., club anniversaries, DTM awards etc?

Planning to present pathways training for clubs, members and Club executives. this will include a training for the base camp managers to upskill the new club officers in the next year and beyond.

### **Challenges**

What challenges is the Division facing and what potential solutions/assistance is needed?

<b>Issues</b>	<b>Solutions</b>
Membership struggles in the smaller clubs	combine to do membership drives, work with another club to source material from the district and through incentive awards received from this current year.
Geographic separation makes it hard to meet together in person as a team.	Utilize the zoom media to unite the team. this could make training more interactive if given the right amount of diversity in presentation.
There seems to be a lack of work together from some of the clubs either from low member fatigue or large migration out due to work pressure	Online training for club officers to recognize early signs of deterioration or decline and then they can be offered help before there is significant loss or membership.

There seems to be a lack of interest in some clubs working with each other. ie more affluent clubs are working behind closed doors rather than reaching out to assist those that are struggling

Develop a team /division strategy that will benefit the whole division, combine a cot with a fundraiser type event to boost moral.
