Training Overview

- District officer training – In May 2021, Division Directors Elect, Trio Elect, Admin Elect, and PRM elect meet for a weekend at Maxwell's Golf Retreat, for training and planning meeting. This allowed all key dates for the district to be agreed and communicated early.
- In June, all District Officers, attended a day and ½ training and planning for the year meeting at Best Western in-person.
- Next district officer training and planning day is 11 September (4 hours online). Training will be centered about turning strategies into action whilst putting "members first". Working as a team on what should be the focuses for the next 6 months and beyond.
- Club officer training - Round One – 3 sessions for new officers (1 hour) and 9 sessions (3 hours). Visibility – this year club presidents were provided an update on COT training, so they could review with their executive team how their club was tracking and how it compared to other clubs in their Division.

Thank you to all Division Directors and Area Directors for doing an excellent job in being hosts for these events. Thanks also to the D112 Training Online Club members who researched and prepared many of the presentations and the zoom teams who worked behind the scenes.

Thank you, club officers, for attending club officer training and providing feedback for round two and future club officer training. I will be incorporating this into my DTM project.

COT Round Two – 8 sessions – first session Thursday 18 November 2021 and last session on Wednesday 23 February 2021. Trial of a hybrid on Saturday 27 November 2021 being considered providing there is interest and logistics can be organised.

Contests

The District Executive voted for area, division, and district in-person contests.
Following the announcement from the government to move to Level 4 on the 18 August 2021, it was agreed by the DEC, to put "members first" and delay face to face contests until it is confirmed we can hold theses contests in person, safely.

Conference 2022
