Toastmasters New Zealand North
District 112

Program Quality Director Report – Wendy Wickliffe – October 2021

PQD responsibilities - all aspects of education and training within the district.
Support the district mission to build new clubs and support clubs to achieve excellence.

I provide the following updates for District 112:

Statistics

- **Education Awards** – 445 awards submitted
- **Triple Crown Awards** – 20 awards (3 levels or more submitted in club central)
- **DTM (Distinguished Toastmasters Award)** – 0 awards

Training Update

- District officer training was held on 11 September (4 hours online). The focus of the training was "strategies into action" whilst putting "members first". This involved five presentations (speed workshops) to brainstorm the strategies, and the actions that will be implemented were added to the District Success Plan submitted to Toastmasters International on 30 September 2021.
- Club officer training round two will be commencing on 18th November and the last session will be on Wednesday 23 February 2022. Excellent feedback from officers from round one which will be used for round two and COT sessions for 2022. (dates on D112 website – calendar).

Contests

The District Executive voted for the area, division, and district contests to be in-person.
As communicated in district newsletters, clubs can hold their contests either in person, online, or hybrid. Those areas that can conduct area contests at level 2, will be scheduling these.
Area and division directors will communicate dates as they are finalized and will also be published on the district calendar.

Conference 2022

District conference planning continues. Great work being completed by the conference committee to host the conference in Taupo. More details will be shared once available. Hold the date - 6-8th May 2022.

Pathways Focus

A pathways questionnaire will be sent to members in October by division directors to identify training support for members. The feedback will be collated, and each division will identify a training approach specific to their division.

Pathways adoption rate – officers registered on pathways 96% and new members 77%.
