IMMEDIATE PAST DISTRICT DIRECTORS' D112 REPORT
27 AUGUST 2022
Report from Stephen Budai, DTM

Thank you District 112

It was my pleasure being the District Director last Toastmasters year, under trying and changing circumstances.
Like any big organisation you can't run it unilaterally and could not have achieved the results for the year with the dedication and determination of my full team.
The Top Table worked in harmony, and truly supported by our magnificent Division Directors and Area Directors. The work and energy exuded was enough to light up the country through the challenges.
With my vision of "Members First" I strongly believe this was taken up by the membership and District Executive.
We faced many challenges in articular that of Co-vid. It had affected everything from club meetings to the District Conference. It pained me to shift its status to online as we had come so close and then the country got swamped.
I wish the Conference committee all the very best and to keep thinking positively as we WILL have an in-person conference again.

Moving Forward:

The District is in very capable hands with Wendy Wickliffe, James Hippolite and Richard Perkins. They will be ably supported by the balance of a new Top Table team along with new Division and Area Director teams.
The District is still short Area Directors in Division M, N & Q, and there is still time to join the Districts forthcoming journey.

District Awards Evening:

This is coming up on Saturday 17 September, where we will celebrate and acknowledge members and club's achievements.
This will be held at Alexandra Park starting at 7 pm
Registration will be essential as we will be restricted as to numbers in attendance.
There are many Motels and Hotels in the area if you wish to let your hair down.

District Officer Mentor Program

Ongoing program of assigning a mentor to help the growth of al District Officers is work in progress

Stephen Budai DTM
District Director 2021-2022
