District Boundary Modification

December 2022

Dear District 112 Leaders,

We have exciting news to share with you!

The Board of Directors have taken the initiative to review countries and geographic areas that are not currently assigned to any District along with looking at existing District boundaries. The intent is to expand the benefits and opportunities through established District structure and leadership support. This also provides opportunities for the District to expand into new markets in building new clubs.

Based on the location of the following countries/geographic areas and surrounding Districts, the following are being proposed to be part of District 112:

- Cook Islands
- Niue
- Tokelau

If there are no concerns or considerations that need to be reviewed, the District border change will be effective for the 2023-2024 program year. If there are any concerns, please communicate with our District Growth and Support Team immediately.

Sincerely,

Matt Kinsey, DTM
2022-2023 International President
