Franklin	**11**	**6**			
Karaka	**13**	**6**			
Pokeno	**8**	**3**			
Thames	**8**	**2**			

Support

Club Coaches - what clubs have a coach appointed, and what clubs still need a coach appointed?

O3 Sylvia Park has a coach - close to distinguished, only requiring 1 member before the end of June to qualify.
These clubs qualify for a club coach & this should be discussed with them -O2 Meadowbank, Central Park & Harrison Road.O3 Pakuranga & Howick. O4 MITe & Manukau. O5 Papakura, Franklin, Pokeno & Thames - will follow up with the new AD's.

Club Support – what clubs would benefit from additional support, and what support is required?

Hard to determine what support is required until the new AD's can visit and/or discuss with the club exec's what challenges they are facing. No assumptions will be made that the challenges are the same as in the last report however several clubs look like the main challenge is membership retention and growth.

New Clubs – Prospects, leads, clubs in formation

What is the progress, and what support is needed?

No new clubs pending at this stage

Division Events

What events have been held, and what feedback have you received?

For example – COT, Area or Division council meetings, Area or Division contests, workshops etc

Division council meeting coming up to discuss - COT, Area council meetings, & upcoming Area Contests & Division conference - planning and strategies.

What events are being planned, e.g., club anniversaries, DTM awards etc.?

Nothing planned at this stage

Challenges

What challenges is the Division facing, and what potential solutions/assistance is needed?

Issues	Solutions
Burn out	Work on succession planning and providing opportunities for rising toastmasters to excel so the load can be shared - perhaps the PQD or CGD have some ideas on how to identify these rising stars within our clubs
Membership retention and growth	Work on encouraging those thriving clubs to visit others that are struggling and help where they can - maybe involve District PR manager to assist with this
