

Program Quality Director – Richard Perkins – Report – July 2023

Program Quality Director's Vision

My focus is on the part of our district mission which says, "...to help all clubs achieve excellence".

As Toastmasters, we continually strive for club quality, continuous growth and excellence - and I visualise this in D112. This vision is a building process, and as my motto is "Building Together", every part of this building process is shared by all members. The end result is that every member is more confident and professional in their manner, their knowledge and their support. For those of us in District roles, we volunteer for a role, and we become responsible for maintaining that role, with quality.

Program Quality Director's Mission

The Program Quality Director's mission is to empower members to achieve personal excellence within their club and in their personal lives. By the end of the year, the goal is to enable members with confidence to support with quality zoom meetings, quality contests and quality Pathways knowledge and implementation. This will be achieved with open training e.g. District Officer Training (DOT), Club Officer Training (COT) and personal training, all done with respect, care and consideration of the abilities of our members.

Club Officer Training Recognition

Congratulations to the following 6 clubs who each motivated 7 officers to attend both rounds of COT: **Datacom, MITe, Pacific, Pakuranga, Palmerston North, Silver Service**. The random draw for first place incentive prize goes to: *Pakuranga*. You will be receiving a set of Club Officer Badges and US\$40 gift voucher soon. The other 5 clubs will be receiving US\$20 gift vouchers.

Triple Crown Awards

To the best of our knowledge, all recipients of the Triple Crown Award should now be in possession of their awards, since they were handed out at the District Conference. If this is not the case, please let us know, and we can get those to you at the District Awards night on Saturday 16 September at Waipuna Hotel, Mt Wellington, Auckland.

District Conference

Congratulations to the following District contest 1st place winners:

Contest	Name	Division	Club	City
