Support

Club Coaches - what clubs have a coach appointed, and what clubs still need a coach appointed?

Ma Runga Waka in Area N2- experienced club coaches are needed to help the club improve the membership
Area 3 High-5 Toasties have requested a club coach, preferably one that can fit in with their online-only approach and general ethos.

AD will check with Waiheke Island later this month regarding club coach.

Club Support – what clubs would benefit from additional support, and what support is required?

Waikorero in Area N2- a cause of concern. There should be some support from the district to comprehend why the DCP needle is not moving.

Area4 Silver Service needs to attract more members, Commercial Bay could do with some help with publicity, Orators needs some help establishing good governance procedures.
Area 3 Report: High-5 Toasties would benefit with some PR support as a corporate club to grow their numbers, which appears to take precedence over DCP for now – but the AD suspects that they will score quite well if they meet this requirement.
Waitematā does not generally engage with Pathways and District training events and as a consequence does not appear bothered about DCP goals. A targeted approach from a veteran toastmaster explaining Pathways and the option for paper-based learning could be useful as many of their members are not particularly IT-literate.

Biztalk is unresponsive and appears dead.

Waiheke Island have low numbers and has requested an AD visit later this month to ensure optimal committee presence, the AD suspects that rebuilding club numbers will be their priority before DCP goals but once over that hurdle they could score quite highly.

New Clubs – Prospects, leads, clubs in formation

What is the progress, and what support is needed?

Area 1 no report
Area 2 no new club to date
Area 4 Datacom Toastmasters is pushing to grow by net 10 members over the next 2 months. IF they achieve this it will trigger a motion at the executive committee form a second club.

Area 3 no report
